SUPPLEMENTAL REPLY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir or Madam:

In the Office Action of June 29, 2005, the Examiner noted that the provisional application 60/110,952 (the '952 application) consisted of 30 pages, but no Appendix. The '952 application is one of the priority documents for the above-identified utility patent application. Upon review of the image file wrapper at the USPTO website and the provisional application copy in the Applicant's own files, a discrepancy has been discovered. In particular, the Applicant's file contains a 53 pages of provisional application filing materials with 23 pages from Appendix A, B, and C. In addition, the transmittal letter and return postcard (see attached) indicate that the U.S. Patent Office received a 46 page provisional patent application specification. Therefore, it appears that the USPTO image file wrapper is missing part of the original '952 provisional patent application as filed.

In response to the telephone interview with Examiner Yogesh C. Garg on January 3, 2006, and in accordance with 37 C.F.R. 1.251(a), Applicant provides herewith 1) a copy of the correspondence between the USPTO and Applicant, 2) a list of such correspondence, and 3) a statement that the copy is a complete and accurate copy of Applicant's record of application. The Applicant offers these materials to help reconstruct the USPTO file of the '952 application, if the missing pages cannot be located in the USPTO files.

Please note that the Applicant is aware of additional correspondence between the USPTO and itself for the '952 application that occurred after the original provisional application filing which involved changes to power of attorney.

List of '952 Application Documents

Applicant hereby states that the attached 56 page document is a complete and accurate copy of Applicant's record of provisional patent application 60/110,952 as filed.

Applicant respectfully requests that the USPTO record of provisional patent application 60/110,952 be corrected to show all 56 pages of the '952 application as filed.

Respectfully submitted,
